Are You Wretched in Bad Weather?

Keeping the Kidneys Well Has Kept Many Barre People Well.

Many Barre people find that bad weather brings on a dull pain in the back, or rheumatic aching, neuralgia, nervousness, irritability and weakness. If, when you get wet or take cold, it "settles on the kidneys," and there is a shivery, chilly sensation in the back, it shows kidney weakness which is often the beginning of disease. Doan's Kidney Pills should be used persistently until the chilly feeling is gone, and the flow of urine is natural. Doan's Kidney Pills have saved Barre people much suffering.

W. W. McAuley of 35 Seminary St., Barre, Vt., says: "I took all kinds of medicine said to be good for kidney trouble but without getting any noticeable relief. The pain in my left kidney was severe and I could not stoop to pick up anything from the floor without having sharp shooting pains in the small of my back. I was very restless nights and awoke mornings feeling tired and sore all over. Damp weather always made me feel worse and I finally became so bad I could not walk a short distance. It was then that I began using Doan's Kidney Pills sold by E. A. Drown, the druggist, and they helped me from the first, relieving the pain in my back and helping me in every way. I used several boxes and can honestly say that I never found a medicine to help me like Doan's Kidney Pills did. I have told many people what they did for me and know of several who have used them on my recommendation with satisfactory results." For sale by all dealers. Price 50 cents. Foster-McIlburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Vanilla Extract.
To make one's own extract of vanilla secure five Tonquin beans and a vanilla bean, clip them and put them into a bottle with ten ounces of alcohol, six ounces of water and three of sugar. Let the mixture remain from six to eight weeks, shaking it frequently; then strain, and it is ready to use.

Mississippi.
Mississippi has been called the Bayou State from the long stretches of almost stagnant water—back water of the Mississippi river—found within the limits of the state.

The Swallow.
The swallow has a larger mouth in proportion to its size than any other bird. He needs it, too, for he does all his feeding on the wing, and a big mouth is a great convenience.

Life in the Deep Sea.
In many of the soundings made by Sir John Ross sea worms, or annelids, were brought up from depths varying from 110 to 1,000 fathoms. At a depth of 800 fathoms his nets caught a beautiful specimen of the Caput Medusae. The specimen was preserved and is now in the British museum in London.

"Cwt."
The abbreviation "cwt." is a compound of the Roman numeral C, representing 100, and a very natural and obvious "wt" for weight.

Animals and Poisons.
Certain substances which are deadly in their effects upon men can be taken by animals with impunity. Horses can take large doses of antimony, dogs of mercury, goats of tobacco, mice of hemlock and rabbits of belladonna without injury.

A Land of Luxury.
Spain is a land of luxury. Its people spend \$31,000,000 a year for wines, \$25,000,000 for cigarettes and cigars, \$20,000,000 for lotteries, \$13,500,000 on bullfights and \$12,500,000 for other holiday enjoyments.

Chinese and Eating.
The chief care of the Chinese is to eat nothing cold. Warm or hot food they absorb in abundance, but rightly they maintain that cool food lowers the temperature of the stomach beyond the point where digestion can continue, and so the health of the body is endangered.

The Early Norman Kings.
The early Norman kings, besides being kings of England, were also dukes of Normandy, and some of them seemed to think more of their continental than of their English possessions.

What Hain Does.
In parts of Australia where the average yearly rainfall is not more than ten inches a square mile of land will support only eight or nine sheep. In the Argentine Republic, South America, the same area, with thirty-four inches of rain, supports 2,500 sheep.

Eyeglasses.
Let eyeglasses lie in alcohol for a few moments, then polish with chamois. If the glasses are set into gold frames a fine camel's hair brush will lift the dust from the edges and make them look like new.

A Wonderful Book.
The world's most remarkable book, at least so far as its appearance is concerned, is in the National Library of Paris. The letters are cut out of tissue paper with a pair of scissors. Each sheet of blue tissue out of which the letters are cut is placed between two pages of white, and so the matter is easily read.

Novo Scotia Indians.
Indians are still very numerous in Nova Scotia. They are guides, hunters, fishermen, and they live on the outskirts of the villages as well as on a reserve on Bear river and make moccasins, baskets, rustic furniture and other odds and ends.

Hard Coughs
He will tell you the special danger of hard coughs in your case. Then ask him what he thinks about your taking Ayer's Cherry Pectoral. If he says it is a good medicine, why not take it? We have no secrets. We publish the principles of all our medicines. Lowell, Mass.

CRITICISE SHAW.

Cummins Faction in Iowa Raise Cry of Interference.

Des Moines, Ia., May 3.—At the Harding county congressional convention, Tuesday, resolutions were adopted specifically denouncing Secretary Shaw and Senator Edkins for interference in Iowa politics.

It has become customary in all counties dominated by the Cummins faction to include a paragraph in the convention resolutions condemning Shaw. Although a candidate for a third term, Cummins has captured three delegations to every one secured by his opponents, and has made remarkable gains over his previous showing.

It is a foregone conclusion that if Cummins is nominated Shaw can never have any portion of the Iowa delegation should be become a candidate for President. Stand-patters on the Iowa delegation in Congress are also menaced.

MAN UNDER BED.
Mrs. Lindsay Did Not Scream, but Valiantly Used Her Shotgun.

Kokomo, Ind., May 3.—Several million nervous women will rejoice to hear of what happened to the "man under the bed," whom Mrs. Earl Lindsay found.

Her husband was away Tuesday night, and before she retired she looked for "the man under the bed." One was there.

Mrs. Lindsay did not scream, but got her husband's shotgun and ordered the fellow to come out. He did, but started to run away. She fired both barrels at him. One shot hit. Then a policeman caught him.

He was James Wilson, professional burglar, wanted in several Indiana towns.

ORDERS MUENTER INQUEST.
Coroner to Investigate Alleged Poisoning of Harvard Professor's Wife.

Cambridge, Mass., May 3.—An inquest into the death of Mrs. Louise Muentzer, wife of Erich Muentzer, the German instructor at Harvard, for whom the police are searching on the charge of poisoning Mr. Muentzer, was ordered yesterday by Justice Charles Almy of the Third District Court, and is to be held here next Friday.

The inquest was asked for by Medical Examiner William D. Swan, who performed an autopsy upon Mrs. Muentzer and says he discovered evidence of arsenical poisoning.

TEXAS TORNADO KILLS TWO.
Houses Demolished and Crops Damaged in Four Counties.

Dallas, Tex., May 3.—A tornado swept over parts of Brown, Wise, Denton, and Grayson counties late Tuesday afternoon, doing great damage to crops and farm property. Two persons are known to have been killed. At the village of Cross, in Wise county, one house was destroyed, and a Mrs. Park was killed. Two other occupants of the house were so badly injured that they may die.

At Storey, in Denton county, the house of Joseph Foster was blown down and the ruins took fire. Mrs. Foster and the children crawled out of the ruins safely, but Mrs. Foster was pinned down by heavy timbers, and before rescuers could get him out he was so badly burned that he died Tuesday night.

At Sherman a Methodist church was blown down, and at Brownwood several houses were partly wrecked.

VERMONT BROKER TAKEN.
Philo A. Kidder Is Wanted in Woodstock as a Fugitive from Justice.

Boston, May 3.—Philo A. Kidder, who is wanted in Woodstock, Vt., where he was arrested for conducting what his prosecutors claimed to be a "bucket-shop," was caught by police inspectors yesterday in Hawkins street. He was placed under arrest as a fugitive from justice, and says that he will waive extradition and go back to Vermont to stand trial. Kidder, who is forty-six years old, was a Vermont agent for H. B. Leighton & Co. of Boston. He was in court at Woodstock on April 14, but jumped bail afterwards.

In May, 1905, he was arrested here, at which time he was an agent for Haight & Freese. The complaint was a woman, who claimed that he had misappropriated \$800 which she had given him to invest, but in court Kidder was discharged.

London, May 3.—King Edward arrived in Paris from Naples at 8 o'clock yesterday morning. He is staying at the British embassy. The Paris newspapers say that he will dine with President Fallieres at the Elysee Palace today and will stay in Paris for three days. The London Truth, on the other hand, asserts that he was to arrive at Buckingham Palace yesterday.
